# HEMA HARSAN R

B. Tech in AI & Data Science
Coimbatore, Tamil Nadu, India - 641045
E-mail: hemaharsan3@gmail.com
Contact No.: +91 9787832240

## About me

I'm a final-year B. Tech student in Artificial Intelligence and Data Science, with a strong interest in full stack web development and data analytics. I love building smart, user-friendly applications using the MERN stack. I'm always up for solving tough problems, learning new tools, and working with others to bring ideas to life. My goal is to become a well-rounded developer who builds meaningful, real-world solutions.

## Education

- **Pursuing B. Tech in Artificial Intelligence and Data Science**
  Dr. N.G.P. Institute of Technology, Tamil Nadu
  *CGPA: 7.558 (up to 6th semester)*
  *2023 – Present*
- **Diploma in Electrical and Electronics Engineering (EEE)**
  Nachimuthu Polytechnic College, Tamil Nadu
  *Completed in 2023 with 85.7%*
- **SSLC (Class 10)**
  Bharathi Vidhyalaya Matric Higher Secondary School, Tamil Nadu
  *Completed in 2020 with 63.6%*

## Projects

1. **Pneumonia-Prediction-Using-Random-Forest**
   A machine learning-based application that detects pneumonia from chest X-ray images using the Random Forest algorithm.
   - Developed using Python, scikit-learn, pandas, and medical imaging datasets.
   - Focus: High-accuracy predictions using data preprocessing and model tuning.
   - **GitHub:**https://github.com/HEMAHARSAN-3/PNEUMONIA-PREDICTION-USING-RANDOM-FOREST

2. **Client Portfolio Website**
   A responsive and modern portfolio website developed for a client to showcase their skills, projects, and contact details.
   - Built using **Vite**, **TypeScript**, **React**, **shadcn-ui**, and **Tailwind CSS** for a clean and dynamic user interface.
   - Implemented reusable components, smooth navigation, and optimized performance for fast loading.
   - **GitHub:** https://github.com/HEMAHARSAN-3/Akash-Portfolio

3. **My-Portfolio**
   A personal portfolio website built to highlight professional skills, projects, and achievements.
   - Developed using HTML and CSS with responsive layout and section animations.
   - Focus: Personal branding with smooth navigation and visually appealing design.
   - **GitHub:** https://github.com/HEMAHARSAN-3/My-Portfolio

4. **Italian-Recipes-Website**
   A web application that showcases a variety of traditional Italian recipes with a modern, user-friendly interface.
   - Created using HTML, CSS, and JavaScript.
   - Features: Category-based filtering and responsive recipe cards.
   - **GitHub:** https://github.com/HEMAHARSAN-3/Italian-Recipes-Website

## Internships

**Full Stack Development – Python Django Intern**
*Pinesphere Solutions, Coimbatore*
*July 23, 2024 – August 7, 2024*

Worked on real-world web applications using Django. Built **"Connect"**, a social platform for college students to share posts and interact. Gained hands-on experience with PostgreSQL. Enhanced Python skills and backend development through practical problem-solving and the 'Code for Life' platform.

## Technical Skills

- **Programming Languages:** Java, C, Python
- **Frontend:** React.js, HTML, CSS, JavaScript
- **Database:** SQL, MongoDB
- **Version Control & Tools:** Git, GitHub, VS Code
- **Deployment & Hosting:** Netlify, Neocitys
- **Other Skills:** AI tools

## Areas of Interest

- Frontend Development with React and HTML, CSS, JS
- Full Stack Web Development (MERN)
- Backend Development

## Achievements & Participation

- Participated in 36-Hour National Level HAC-Kathon'25 on Human-Animal Conflict, Sri Ramakrishna Engineering College
- Participated in Lumino 2K24 Symposium – IEEE Student Branch, Bannari Amman Institute of Technology
- Completed a workshop on Automotive Cyber Security
- 1st Place – Programming Quiz and Debugging, Lumino 2K24
- Completed internship at Pinesphere Solutions on Full Stack Django Development
